

SRI SAI PP WORKS

SRI SAI PP WORKS & SRI SAI AUTOMATION & SYSTEMS

Expertize In Design, Manufacture and Set Up of Surface
Treatment Plants, Lines, Infrastructure and Equipments

Presence :

SRI SAI PP WORKS

Unit -1 : Plot No. #26/78A, Nehru Nagar, Mannurpet, Ambattur Industrial Estate, Chennai - 600 050.

SRI SAI AUTOMATION & SYSTEM

Unit -2 : No. T382, SIDCO Thirumullaivoyal, Women's Industrial Estate, Kattur, Vellanur Village PO, Chennai 600 062.

About

We are manufacture of the Industrial Chemical Processing lines, plants, system like Plating, anodizing, etc.. And paint booths, various treatment equipments etc..

- ✓ One stop solution for all Surface Treatments set ups
- ✓ Various range of Surface treatments facility for all type of domains
- ✓ Fully equipped and setup up line with precise controlled, and world class faculties with advanced infrastructures to cater the needs of surface treatment industry

Expertize : Formed by Cluster of innovative highly globally experienced team of experts with know-how of the chemical processes

Background : Team executed many projects, highly experienced in line design, installation and commissioning of set up, also highly expertize in process know-how

Domains Served :

- ✓ Aerospace
- ✓ Defence Automotive
- ✓ Industrial Engineering and general applications
- ✓ Fasteners Industries
- ✓ Hardware & Sanitaryware Fittings
- ✓ Oil and Gas, Medical Etc.
- ✓ Automobile Industry

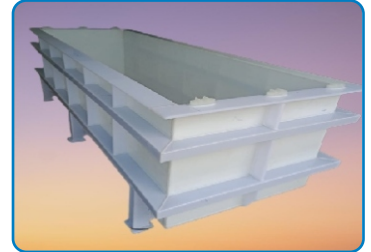

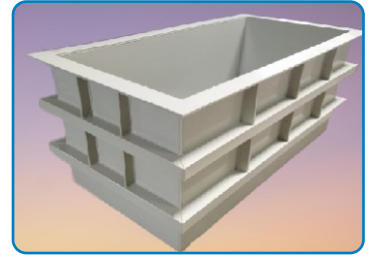

Vision and Mission

Vision :

- ✓ Provide solution to the needs of surface treatments lines and plants locally & globally that enhance the excellence Quality services to all domains.

Mission :

- ✓ To deliver the high quality products, maintain & sustain customer requirements to meet our customer performance that contributes to the growth of organization.

Present Capabilities Overview

Design: Lines are designed by using solid **Works Platform** by considering the industrial best practices of surface treatment and Ansys Analysis to design and select material, grade, and dimension

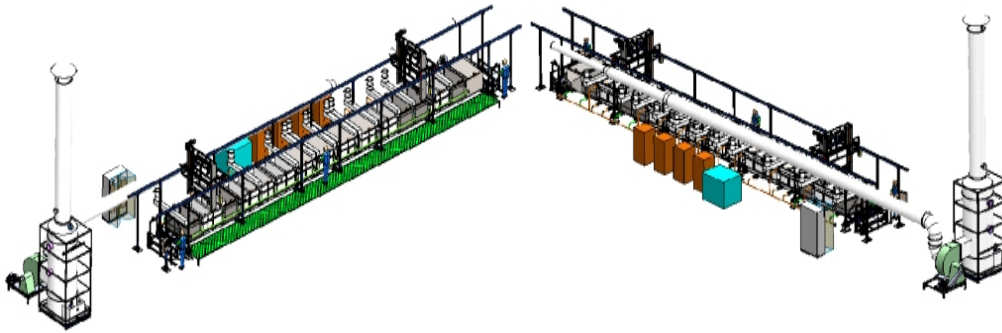

Quality : Using of high quality and advanced equipments, instruments for the measuring and monitoring systems, **super structure to build line** for the more reliability and to enhance life duration of the plant

Automation : Sri Sai Automation Systems leader in the Industry with a Vision to provide the best productive, and efficient Plating lines, crossing milestones on the way and bringing shine to our world. By bringing the International Technology to the door step of **Indian Industry 4.0**, arming them with the fullest potential for reaping the benefits of Initiatives, Innovation and Integration.

Know-How : Highly **experienced globally and educated** team for the process, and team have demonstrated track record by setting up lines and **Plants locally and globally.**

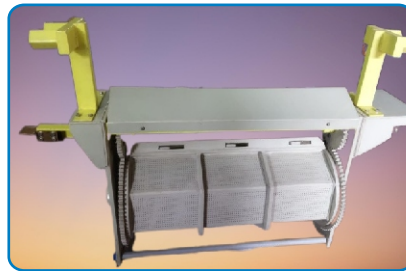

Plant Area : 10000 sq. Feet area to build and manufacture the systems and equipments, verification place to check the bought out items to ensure the quality before shipping to customers One stop solution for all Surface Treatments set ups.

WHAT WE DO ? WE BUILD PLANTS FOR

- ◆ Various Electroplating Lines : Zn, Ni, Cr, Sn, Ag etc.. Etc..
 - ✓ Vat Method
 - ✓ Barrel Method
- ◆ Anodizing : All Types,
 - ✓ Sulphuric, Hard, and Chromic
 - ✓ Various sealing process and different Dying or Coloring process,
 - ✓ Electro coloring
- ◆ Powder Coating, & ED Coating
- ◆ Phosphating & Galvanizing
- ◆ Nitriding (Case Hardening)
- ◆ Spray Paint Booths

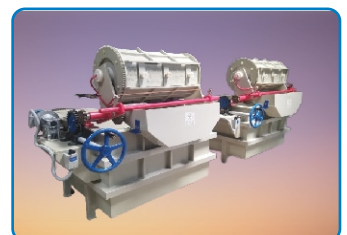

EXPORT PROJECTS EXECUTED @ UAE for Defense

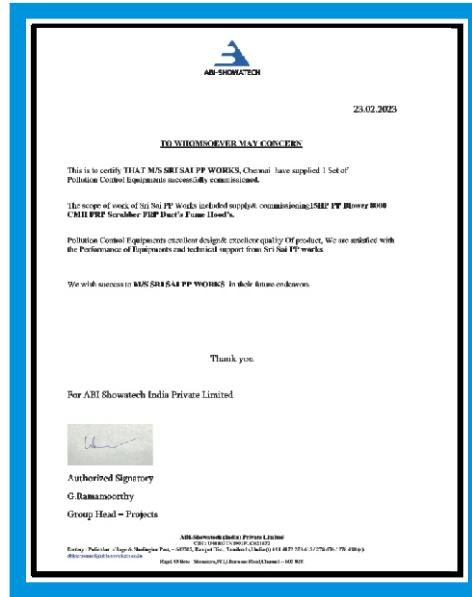

- ◆ Advanced Automatic
 - ✓ Anodizing Line
 - ✓ Hard Anodizing
 - ✓ Various sealing process and different Dying or Coloring process,
- ◆ Automatic Zn Phosphating
- ◆ Nitriding (Case Hardening)

PRODUCTS

- ✓ Electroplating Barrel
- ✓ PP, PPH Tanks, PVDF Tanks
- ✓ MS with FRP Tanks, SS Tanks
- ✓ Electroplating Filters M/c
- ✓ Dryer M/C, Centrifugal Dryer
- ✓ PLC with Fully Automation & Semi Automation
- ✓ Plants Chillers Brine & Water, Direct Method
- ✓ High end Scrubber and Blower
- ✓ Fiber Reinforced Plastic (FRP) systems
- ✓ Rectifiers : IGBT, Oil & Air Cooled
- ✓ Ovens, Painting booths, Kitchen Etc.

APPRECIATION & QUALITY CERTIFICATION

Design & Mfgs of Surface Treatment Plant & Equipment

OUR PRESTIGIOUS CLIENTS

OUR EXPORT CLIENTS

Why Sai PP Works ?

- ✓ Customer Focus
- ✓ Best Quality with best industrial practices
- ✓ On Time Delivery
- ✓ Highly skilled and know how of process
- ✓ Best value with supplier with TCO focus
- ✓ Global Standard Infrastructure
- ✓ Honor of Commitment
- ✓ Integrity with Transparency
- ✓ Automatic global advanced technologies
- ✓ Updated with new technologies, concepts
